WIPO Mission for IP Knowledge Development and Dissemination

WIPO's Education, Training, and Research Arm

- Develop the IP human capital in WIPO Member States
- Serve as a center of excellence for IP teaching, training, and research
- Create fora for academic discussions on IP
- Deliver quality IP teaching, customized IP teaching and IP Teaching tools to IP Offices and academic/research institutes
- Assist Member States in curricula development in IP fields in which they require assistance

IP Awareness Activities in Many Countries
